

## Foliar fertiliser for roses

GroGreen® Feed & Shine® Roses is a specially-developed micronutrient fertiliser for all types of roses (except for the Rosa Rugosa group). Applied once a week, it will ensure that roses stay healthier and better able to withstand all environmental pressures. GroGreen® Feed & Shine® Roses is the extra supplement that, together with organic fertiliser, ensures that your roses constantly thrive. The product is environmentally-friendly and gentle towards roses and the natural environment.

Contents are micronutrients, seaweed extract and the plant oils; tea tree, clove and citronella, together with surfactant. The documented effect of the micronutrients gives strong, healthy root and plant growth, and efficiently prevents iron, copper, magnesium, manganese and zinc deficiency. The plant oils give the leaves a beautiful appearance, protecting them against the weather. The surfactant ensures that the plant fully absorbs the nutrients.

**Apply once a week**

## Foliar fertiliser for roses

Contents: 750 ml - Ready-to-use

GroGreen® Feed & Shine® Roses is a specially-developed micronutrient fertiliser for all types of roses (except for the *Rosa Rugosa* group). Applied once a week, it will ensure that roses stay healthier and more resistant towards leaf fungi such as rust, mildew and blackspot. GroGreen Feed & Shine Roses is the extra supplement that, together with organic fertiliser, ensures that your roses constantly thrive. The product is environmentally-friendly and gentle towards roses and nature in general.

It contains micronutrients, seaweed, the plant oils tea tree, clove and citronella, and surfactant. The documented effect of the micronutrients gives strong, healthy root and plant growth, and efficiently prevents iron, copper, magnesium, manganese and zinc deficiency. The plant oils give the leaves a beautiful appearance, protect them against wind and weather, and keep them dry. The surfactant ensures that the plant fully absorbs the nutrients.

### How to use the product:

- Ready-to-use – spray on all leaves up until it drips off. The amount to use depends on the plant size.
- Apply once a week from May to September.
- Spray on dry leaves and in dry weather.
- Do NOT spray in direct sunshine.
- For reuse of our “ready-to-use” bottle:  
Pour 1/4 dosingcap (7,5 ml) of GroGreen Feed & Shine Roses Concentrated into the bottle and top up with water until full (1:100). Shake the mixture well and use within eight days.

### Guaranteed content:

GroGreen Feed & Shine Roses ready-to-use is a fertilizer with EDTA\* chelated micronutrients, seaweed, natural plant oils and surfactant. Green in colour.

Nitrogen (N) as Urea.....	0.06%
Chelated/Water-soluble Magnesium (Mg).....	0.0040%
Chelated/Water-soluble Iron (Fe) .....	0.0010%
Chelated/Water-soluble Manganese (Mn).....	0.0020%
Chelated/Water-soluble Zinc (Zn) .....	0.0020%
Chelated/Water-soluble Copper (Cu).....	0.0025%

### Ingredients other than plant nutrients:

Tea tree oil 0.005%, citronella oil 0.005%, clove oil 0.005%, seaweed 0.002% and surfactant 0.15%.

Keep frost-free. \*EDTA means “fully plant available”.
