Harm,
anything!**

350ml e Grazers G3 Concentrate
Dilutes to 8 refills of Grazers G3 750ml RTU

Grazers G3 Concentrate

EFFECTIVE AGAINST DAMAGE EXPECTED FROM
**CABBAGE WHITE BUTTERFLIES, CATERpillARS,
APHIDS AND OTHER SAP SUCKERS**

Shake vigorously before dilution

Dilution: Pour 3 capfuls (45ml) from this bottle into the G3 trigger sprayer and top up with water, to 750ml. If another sprayer is used; mix 60ml (4 capfuls)/litre water.

[NB: Never apply undiluted product to plants]

Application Directions (once diluted):

- Apply weekly* and be sure to spray the susceptible plants before pests arrive
- Apply a light covering to both sides of dry leaf, up to run off and not in direct sunlight
- Safe to spray from early growth stage
- Prior to using left-over product, shake well again before application

*Advised (& safe) to spray more frequently if prolonged rainfall or overhead watering.

RECOMMENDATIONS: Spray twice, or more, 24-48 hours before planting out. Avoid application for at least 4-5 days after transplanting or transferring from greenhouse. Allow foliage to dry before applying other sprays. **Standard harvest interval advice:** Leave 1 week after last application.

GRAZERS products also strengthen and stimulate your plants for robust growth. No harm is done to the pests, so this encourages natural predators back into the garden, e.g. songbirds and ladybirds, amongst others.

CONTENTS: Grazers contains a specific calcium solution, with plants extracts and adjuvants in a concentrated form that must be diluted. Can keep for 2 years when stored in cool, dark conditions.

Grazers products do not contain any animal by-products.

cabbage white butterfly
& caterpillar concentrate

Warning: Causes serious eye irritation

If medical advice is needed, have product container or label to hand. Keep out of the reach of children. Wear protective gloves/eye protection. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Read the label before use.
